THE WAR NEWS IS BEST YET

BULGARIA HAS SURRENDERED AND THE ALLIES ARE WINNING AT ALL POINTS.

The most glorious events of the war have happened since our last issue. Bulgaria has surrendered to the Allies, granting every demand they made. Not only are they out of the war, but the use of the country and railroads is granted to the Allies. The Turks are thus cut off from direct communication with Germany and it is believed Turkey will surrender very soon. They have suffered the most crushing defeats and can not stand much more of this.

On the western front the Allies are smashing the Germans all along the line, keeping them so busy at all points that they are unable to concentrate at any one place for successful resistance. St. Quentin, one of the strongest and most important of German positions, has fallen. The Belgians have captured Dinmunde on the Meuse, one of the German submarine bases.

The important city of Lille is being evacuated by the civilian population, which indicates its early fall into allied hands.

Soil that has not felt the tread of allied troops since 1914 is now undergoing that delightful experience at many places. American troops are on German soil, if we may so speak of the Alsace-Lorraine territory of which France was robbed in the rape of 1871. On to Berlin is the cry everywhere. Tear up their cities as they have destroyed those of the French republic. Nothing else makes an impression on those heathenish, grasping Hunns but strong doses of their own medicine. No compromise should be made with the beasts.

PRICE OF SUGAR.
To the Retail Grocers of Lawrence County, I am directed by the Food Administration to notify you that from the date of the arrival of the Big Sandy News or Lawrence County Recorder this present week at your several post-offices that the price of sugar should not be in excess of one cent per pound profit on the basis of the present cost of sugar that price should not be in excess of 11 cents pound where sugar is received by rail or boat and 11 1/2 cents where handled by teams, and all persons are requested to notify me by letter of any overcharges stating the name of dealer overcharging and any proven violator of this order will result in no further certificates being issued to said retailers until he has given sufficient assurance to the Food Administration that he will hereafter comply with its instructions.

But if you can only go one day, let that day be Lawrence County Day.

THE PRESIDENT'S MESSAGE

In the News this week is published a message written by President Wilson about the Liberty Loan. It appears in his own handwriting. This is published free at the request of the National Liberty Loan Committee. All newspapers were requested to contribute the space necessary for this striking message. One of the positive conditions imposed was that no weekly newspaper should publish it before Saturday, September 28th, the day on which the drive opened. All daily papers were required to withhold it until that day. Weeklies not published on Saturdays, therefore, were instructed to not publish the message until this week. Several weeklies asked permission to publish it in advance of Sept. 28th, but were refused. A few broke faith with the government and published it in advance.

When we say a school is partly organized we mean one in which the organization is sure to be completed within a short time. Several of the schools have started the organization. More than one-half of the schools of the county have not taken up the matter as far as we know.

Most of the schools in the list above have had a part in the making of 250 Property Bags which will be completed and shipped soon. All the organized schools, and other as fast as they organize will have a part in the collection of nut shells and tin foil. Notice has been sent to each school in the county. The names of the ten schools collecting the largest number of pounds of nut shells will be published in the county papers the week of November fourth.

Notice. Several of the promises of money for the organization of the Louisa Public School have not been kept. About \$125 is necessary for the organization of the Louisa school. If this money is not paid soon it means that the school cannot be counted a Red Cross School. An amount equal to 25 cents for each pupil must be raised. More than that amount was promised and the amounts long since due must be paid at once.

The above report was delivered to the printer Tuesday noon. Reports received since that time will appear later. If any teacher notes a mistake in this report, the secretary would appreciate a prompt notice.

TROPHY TRAIN AND LIBERTY BOND SALE

\$80,000.00 BONDS SOLD IN LOUISA LAST SATURDAY IN VERY SHORT TIME.

Last Saturday was a big day in Louisa. About 5,000 people gathered to see the trophy train and hear the speeches and buy Liberty Bonds.

The train was due here at 10:45 a. m., but was delayed 45 minutes a few miles below Louisa. This loss of time made it necessary to crowd the people through the train so rapidly that they did not get to see everything as well as desired. The display was good, consisting of a captured German airplane (without the wings) many cannon and field pieces, machine guns, and all kinds of shells, equipment, etc.

22 men were on the train, consisting of speakers, sailors, and two wounded soldiers. One of the latter lost a leg and the other an arm in the battle of the Marne, at Chateau Thierry on July 15th, last. One was from Massachusetts and the other from Pennsylvania.

Under instructions from Cleveland headquarters, the county chairman, M. F. Conley, and the chairman of the meeting, M. S. Burns, met the train at Catlettsburg. Mr. John H. Buckingham, of Johnson county, and Mr. K. L. Varney, of Pike, came down and boarded the train under similar instructions. The train remained at Louisa until 1:30.

A committee of salesmen and a directing committee to take care of the crowd was on hands when the train arrived and did good work. After a stirring speech by Mr. Ratcliff, of Cincinnati, M. S. Burns made a brief, impressive talk, and introduced a gentleman from Cleveland who opened the sale of Fourth Liberty Bonds. He asked who would subscribe for five thousand dollars worth. Louisa's two national banks promptly responded with that amount each. Then came John M. Mounts, F. H. Yates, A. Collinsworth, the Lobaco Company, and another company that requested its name be withheld for the present. This \$35,000 was subscribed in less than 10 minutes. This was followed by \$2,000 by R. L. Vinson, \$2,000 by Dr. L. H. York, \$1,700 by Mrs. Jennie Conley, and other subscriptions all the way down to \$50, until a total of about \$80,000 was reached in a very short time.

That evening \$10,000 more came in through the Bank of Blaine, making a fine start for the first day on our quota of \$132,100.00.

Those subscribing for \$1,000 each are as follows: Mrs. Helen R. Alexander, Dr. T. D. Burgess, T. B. Billups, Mrs. M. S. Burns, W. M. Chapman, Mrs. A. M. Campbell, Green Hayes, James H. Preston, Dr. J. H. Reynolds, E. T. Shannon, V. B. Shortridge, James H. Woods.

The list of other subscriptions will be published later.

Meeting at Blaine.
On Friday of this week, at one o'clock p. m., a public meeting will be held at the town of Blaine. The speakers will be Hons. K. L. Varney and M. S. Burns. Both of these gentlemen are well informed on the war situation and are able to tell in a most interesting way the important things that everybody should learn. Don't fail to hear them.

Webbville, Friday, 11th.
On Friday, Oct. 11th, there will be a speaking at Webbville at one o'clock. Everybody within reach of that point will be expected to show their interest and patriotism by their presence. The speaking will be worth going many miles to hear.

War Relief Drive

A ten days drive starting November 9th will be made in Lawrence county for the combined War Relief Associations, including the Y. M. C. A., etc., and covering all the organizations now serving our soldiers at camps and at the front. We will be called upon to raise a war chest of about \$20,000.

Mr. B. E. Adams, who so successfully conducted the last Red Cross drive, has been made chairman. He urges Lawrence county people to abandon the use of non-essentials and decide how much they can give each month during 1919 for the benefit of their sons at the front.

A full statement by Mr. Adams will be published next week.

GIRLS! GIRLS! TRY IT!

STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderine from any druggist or toilet counter for a few cents.

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If tongue is coated, breath bad, stomach sour, clean liver and bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out of sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs" then see that it is made by the "California Fig Syrup Company."

WOMAN'S MITE TO COME OUT OF HIDING

SHE KNOWS THE HOUR OF CRISIS AND ALWAYS RESPONDS.

By Most Any Woman.

In my youthful days money used to get pretty tight occasionally. My father and his partner were trying to do some big things and every once in a while they were squeezed for cash. It was a real emergency sometimes. Things would be just about ready to go over the top when there would be a demand for more cold dollars. And they didn't have them. At such times mother used to notice the gathering of worried frowns.

"What's the matter?" she asked, without much need. She usually knew.

"Oh, we've got a chance to put something through. But our money is all tied up," father would answer and a hopeful sound would creep into his voice.

Then mother would go to some hiding place of her own and bring forth a roll.

"Here's the money you gave me two months ago for a fur coat. Would that help?"

Would it help? It saved the day many a time.

Uncle Sam is in just that fix now. He has plenty of good-as-gold resources. But there is a big crisis on and he needs the cash to go over the top. There is a tremendous thing at stake, so tremendous that it is a little bit hard to talk about it. But we all know just what it means to us, to the women, perhaps, most of all.

And thousands of women are coming forward just as mother used to do, bringing the roll they had tucked away somewhere.

"Here's my money. Will it help?" they are asking.

Will it help? It may be that this tremendous day when the whole fate of the world hangs in the balance will be saved by the proffered dollars of the women of America.

Won't every one of the ten million of us bring out our little roll, and say, "Here, Sam, I'll lend you mine?"

OCTOBER 12 WILL BE LIBERTY DAY

COLUMBUS' MEMORY TO BE RECALLED IN LIBERTY LOAN RALLIES.

Columbus Day, October 12th, will be Liberty Day this year. The United States government is asking the country to observe the anniversary of the discovery of America with a nationwide rally for the promotion of the Liberty Loan—the means of saving America today.

The Treasury Department and the United States Bureau of Education are co-operating in this plan and suggestions are being mailed by the Educational Department to all of the schools of the country, giving programs for an appropriate Harvest Home Festival to be held on that day.

L. B. Franklin, director of the National War Loan organization, in a letter to Governor Fancher of the Fourth District Federal Reserve Bank says in regard to this:

"The two central ideas—the discovery of our country and the Harvest Home Festival—are so simple and yet so significant that every community will be able to adapt them to local conditions and express them effectively."

"There is a logical unity between both of these ideas and the Liberty Loan," he said further. "When the people of a community recount the fruits of their summer's labor they will naturally ask themselves what share of them they ought to invest in Liberty Bonds. When they come to realize what the discovery of America has meant to them personally, what it has meant for the cause of freedom and democracy, what it will mean for the salvation of the world in the present world tragedy, when they begin to feel all this, they must of necessity say, this is worth investing in, worth fighting for, worth making any sacrifice for."

"The Harvest Home Festival is our earliest form of American celebration before cities were built, and it would be a distinct gain to carry the idea over into city life. The characteristic harvest of the city is not fruit or grain, but the products of social life like commerce, arts, music, architecture. City and country communities will, of course, celebrate the day after its own fashion, but the Harvest Home idea applies equally to both. What ever a community's particular type of product may be, on Liberty Day its aim should be to reap a harvest of dollars for democracy. On this day we meet not as city or country people, but as citizens; all united for the single purpose of serving the Nation by devoting a part of our products to its needs."

Bethune's Far Away, But—

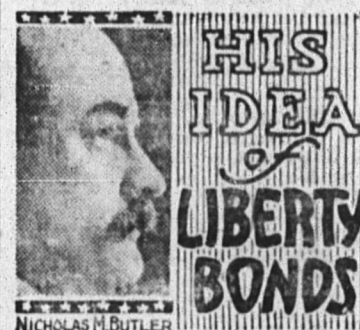

THIS belfry tower which has been bombed off and on for years by the Germans is in Bethune. A long way from here is Bethune. A safe distance away.

And the way our boys and their allies are giving it to the Hun these days there seems little likelihood that these German guns will ever get close enough to Portsmouth, Ohio, or Richmond, Ky., or Uniontown, Pa., to wreck any buildings.

But battle's tide turns quickly. One letdown by our boys or their comrades-in-arms and the Hun would again have the whip hand.

The boys won't let down if they are kept fed, clothed and munitioned. Liberty Bonds are the agency which will keep them that way.

How many are you buying?

HIS IDEA LIBERTY BONDS

Back Liberty Bond is equivalent to a service stripe for me done in winning the war. Every true American, that he can fight or not, will wish to buy a Liberty Bond in order to enlist in the Grand Army of Liberty.

Thousands See French "75s" on Loan War Trains

Thousands of persons in Ohio, West Virginia and Pennsylvania had their first glimpse this week of one of the famous French "75" guns. The "75" was the gun which backed up the historic words, "Thou Shalt Not Pass!"

The guns are aboard Uncle Sam's Trophy Trains which are touring the Fourth Federal Reserve District in the interest of the Fourth Liberty Loan. They are scarred from battle and rear above the flat cars in all the majesty of the heroes that they are—for without the "chorus" of them and their brothers the words of the gallant French would have been empty and the Germans would now be in Paris—yes, even in New York, perhaps.

At every stop the two trains have made thousands of persons have crowded through to see the trophies taken from the battlefields.

Hun helmets, medals and guns attract the most attention. The trains also have aboard outfits of the American fighters and their allies, depth bombs, aerial bombs and all of the curiosities of modern warfare.

Saving Sugar Saves Shipping

AMERICAN families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent. of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy. When we save sugar, we save shipping.

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes this appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first, and are now dedicated to their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

DEMOCRATIC TICKET.
United States Senator
A. O. STANLEY
For Congress
W. J. FIELDS
of Carter County

Gen. Pershing sends this message home: "Send us men, guns, all supplies quickly and we will win the war in 1919."

Lieutenant Rene Fonck, the leading French aviator, brought down six enemy airplanes on Sept. 26. His total now aggregates 66. Fonck's latest feat duplicates his own record and also those of Captain Trollope and Lieutenant Claxton, both of the British Flying Corps.

The greatest joke of the war, the funniest thing that has happened, is Germany's formal protest against the use of shotguns by the United States soldiers. This is proof that they have been using them effectively. In the face of all of Germany's barbarity and all of her flagrant breaking of international agreements this protest makes Germany look like a fool again.

Senator Beckham, in his speeches at Mayfield and Winchester, came out unqualifiedly for Gov. Stanley. He declared that while they had differed in political matters to the extent that they had not been friendly their differences were traceable to the liquor issue. "That issue," declared Senator Beckham, "is no longer an issue between us. The people have settled it, and I am thankful they have settled it in the way I have believed it should be settled. However, I do not say this in a spirit of exultation over this distinguished Democrat, whom I am now glad to call my friend and whom I shall be more glad to have as my colleague in the United States Senate."

When Governor Stanley concluded his statement of reasons for vetoing the bill prohibiting the teaching of the German language in Kentucky he requested any one in the audience at Winchester who believed that he had made misuse of the veto power or that he had done something that is to the detriment of this country to arise. None stood.

"I killed that bill as dead as a mackerel because in the first instance it made ignorance compulsory and in the second instance it was in direct opposition to what the United States Government wants as an aid to the winning of this war," he said. "The teaching of the German language in Kentucky schools is not compulsory under the law we now have, which is the law we had before the last session of the Legislature. It is for the school trustees to determine whether or not the language may be taught. I have found that many persons have not been aware of this fact. Now, may I tell you that the United States Government conducts two great schools in which the study of the German language is compulsory."

"They are West Point and Annapolis. Those are Woodrow Wilson's schools. Those are the schools from which officers for the army and navy come. Now, I want to ask if any of you believe Woodrow Wilson is pro-German because German is taught at West Point and Annapolis? Most assuredly not. Now then, why should you call me pro-German or permit another to call me pro-German when I have, by veto, prevented the placing upon our statute books a prohibition of something that the National Government considers necessary in time of war as in time of peace."

"Knowledge of the enemy's tongue is essential in time of war, and it is desirable for commercial and other purposes in time of peace. I am advised that it may be an order of the War Department that the German language be taught to all boys in the student army training camps. What will Dr. Bruner and others who have called me pro-German for my veto will say to that?"

"Have you read of the countless times where thorough knowledge of enemy tongue American boys have been able to advance the position of the American arms and to take German prisoners?"

The Great Refusal.

Seldom if ever in the history of all the ages has so solemn so positive and so momentous a "no" been uttered as that with which the President of these United States declined to consider the Austrian peace proposals. It must have been a serious moment, even in a life so full of such responsibilities as Woodrow Wilson has had to bear when he penned that brief, decisive note in which the door was closed upon a possible termination of this ghastly war. He did not shrink, however, nor equivocate, but spoke forthrightly, like a man, and that "no" will go echoing down the ages as the supreme expression of the soul of America and of the world. Already the strongest men of the allied countries have uttered their loud "amen"—Clemenceau, Lloyd George, William H. Taft, Theodore Roosevelt—and the halloos of the myriads of the common people sound like the voice of many waters.

Three resounding notes are heard in the great refusal—the note of firmness, the note of power and the note of authority. It is something sublime to say "no" to a base proposal, with a hundred million people standing firmly at your back! That firmness, that power and that authority reminds us of the final word which was uttered by the world's Redeemer to the tempter in the wilderness: "Get thee behind me Satan."—Cincinnati Enquirer.

SERGT. M. J. WROTEN IS NOW IN FRANCE

Letters from Sergt. Milton J. Wroten to his parents, Dr. and Mrs. G. W. Wroten, of Louisa, will be interesting to many friends:

Somewhere at Sea.
Dearest Ones:
Am permitted only a few lines, enough to say I am well so far, and have enjoyed my trip immensely. We were fortunate in having a dandy big ship to cross on and the most desirable of weather. Have had only one rough day and it was not bad. Don't yet know our immediate destination. I hope to find a letter from you tomorrow when we land. Will write more when permitted.

Somewhere in France.
We have moved again and are billeted again in a small village for further instruction. My freight has not yet arrived, so my duties are light.

I wish I could write all I would like to, for there is so much of interest, but the censors are so afraid of some one writing something that would give information to the enemy and a long letter occupies so much of their time that they ask us to make them short.

The country is beautiful and the people are so nice to us. We are comfortably housed (no tents) and have plenty to eat. Climate is nice and cool. I am learning French rapidly and believe that inside of two months I will be able to speak very well. I can hold a piece of conversation now, but it is hard to understand them for they speak too fast.

The houses are all of stone, thick walls and are enclosed in high stone wall fences.

I am in the best of health and spirits. We have received no mail yet or papers, and are very anxious as we get hardly any news of the war. However, we understand that we are advancing and all is satisfactory.

I have written you from all stops and hope you will get them all, but do not worry when you do not get letters regularly for so many are returned to writer, lost or mislaid. I am afraid I will not get to fight. It is terrible to see the widows and no young men at all and we are all anxious to get a chance at the Boche even if it is to get him from behind, for he is on the run. Am so anxious to hear how you are,

papa. When I get back we can have some great old conversations for so much of interest has passed and is to come. This town, for instance, is about 100 years behind the times and very old.

France.
This is the first rainy day we have had since coming here and incidentally my "birthday" as a soldier or rather the anniversary of my enlistment. There is not a thing new to write. It's about the same each day. We are anxious for the order to move to the front. The boys drill and train and study all day and I am up to my neck in my accounts.

It seems we will never get any mail. We have had two newspapers since arrival and no news of interest. Seems funny that you, three thousand miles away, should get all the war news and we here almost in the theatre of war, have none.

I am at present in luck as one of the "natives" has kindly loaned me a bed and mattress, so I am in comparative luxury. There is a dandy river about three miles from here and we hike there often for a swim. Looks like good fishing ground, too, but haven't had time to try it out.

Don't know when we will get in action, but know we will give a good account of ourselves as we have a dandy personnel—fine bunch of fellows.

The grapes will soon be ripe here and we will have plenty. It's a great wine country, but the sale of the stronger wine and liquor is strictly prohibited. Hardly any fruit, either, which rather surprises me.

They have the finest horses and cattle I ever saw and work from daylight till dark. Women as well as "thommes."

WEST VIRGINIAN WRITES HOME FROM FRANCE

Mrs. Nura Ramey, of Queens Ridge, W. Va., Wayne county, sent in the following letter for publication:

Somewhere in France.
August 16, 1918.

Dear Home Folks:
No doubt but what you'd be anxious to hear from your son soldier. Today it is to my greatest pleasure to write you. I am well and O.K. and am now weighing 175 pounds.

Been reading one of my favorite books today which brings some of school teaching days to memory.

Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!

HALL REPORTED MISSING: IS IN FRENCH HOSPITAL

Last week we mentioned Robt. Hall having been notified by the War Department that his son, Ira, had been missing in action since August 1. His aunt, Mrs. Phil Preece, has received a letter from him under date of August 10 which follows:

Dearest Aunt:
I will try and write a few lines today as I have not heard from any of you all since I left the States. I have written two or three letters, but haven't been able to get any answer yet. I hope you all are getting along well. I have been getting along fine till I was wounded. I got shot through the leg just below the hips and was operated on the 29th of July, and I am getting along very well now. But we sure did have some time chasing the Germans. Write and tell me how everybody is. Tell Dad to write me, also Herbert and Green. Tell Phil hello for me. Is A. J. E. still at the same place? Ira Evans and Major came over as I did, but I have not seen them since I reached here.

I don't feel like writing much this time. Will write again in a few days. Address my letters to Base Hospital No. 6, A.P.O. A. E. F. via New York. With love,

HARLEY CURNUTTE IS NOW IN FAR FRANCE

Mrs. Della Thompson received the following from her brother:

Somewhere in France, August 4.

Dear Sister and family:

Will now try to answer your letter just received. Was so glad to hear from you and to find that you were all well. I am well and having a good time. I didn't get the cake you sent. I left the next day after I wrote you. Well, perhaps I will be back some day to eat cake at home.

How are Pa's folks getting along? I never can hear from them. I have written them several times and never can get a letter. How is your crop? I suppose you have plenty of garden stuff, haven't you? I guess that Pa's folks have raised plenty to do them.

I will have to close as it is almost supper time. I get plenty to eat and am fat. I would like to see you all.

Tell Labe and the children to be good.

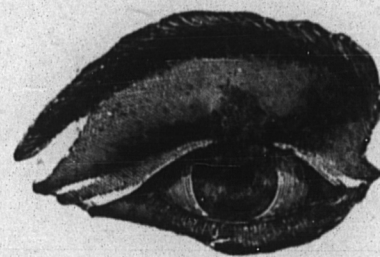

Will write more next time.

"I don't need Peruna any more. I am all well. I have taken six bottles. I weighed ninety pounds before I started with Peruna. I was just up hope of ever getting well; such a cough and spitting, and could not eat anything. Now since taking Peruna I weigh one hundred and thirty-five pounds. All my friends said I would never get well. I was just a shadow. I have surely recommended your Peruna to many of my friends, and they are using it. ON ACTIVE SERVICE SOME WHERE IN FRANCE

Sergt. Robert Murphy wrote as follows to his sister, Mrs. J. F. Brown, of Henrietta:

Dear Sister:

It won't be necessary to send any more tobacco. I can get tobacco any time now. We have a free issue of nearly enough for our needs, and all the Y. M. C. A. canteens as well as the commissary keep it for sale at a reasonable price. Many thanks for all you have sent. I am very grateful for it.

I am much pleased with the pictures of the boys. You should be very proud of your sons. They are certainly handsome chaps.

And last, but not least, Forrest, he is just as handsome though in a little different way. He is chuck full of the stuff that makes a man, and some day you will see him a man.

I have just completed a course in gas school. Who would ever have thought I would have to attend a gas school? You know what I mean. But you see, the kind of gas that I was so well versed in, though stunning at times, was never entirely fatal (unto death, I mean). And they have gas here that is. Being a pastmaster in "gas", however, I did enjoy the course.

We are having ideal weather here now. I wear a sweater most of the time and it only requires something like that to be perfectly comfortable here. I have not seen any uncomfortable weather from heat. The sun is exhilarating when it shines.

I am very sorry to hear of the severe wounding of the Preston boy. I only hope that his wounds will not prove fatal. Though if they do, you can assure his father and mother that although he gave his life for a highly honorable cause, and is now an immortal hero, his death will be avenged.

I have just received a letter from mother and a photo of Alex. He is a bright looking chap, but has an air of fixed indifference. I would judge that he is somewhat a quaker, though instead of following the spirits bidding would choose to follow the dictations of his own will, and dollars to doughnuts that is just the thing he does.

I received George's letter at the same time I received yours, and will answer it out de suite (pretty soon). The way the French say it is like this: "Tous sweet", and they often say, "kiss-kah-dee" or "kiss ka deet you" meaning, "what did you say?"

American soldiers have always been popular with the French people, but they are getting more so every day and the French are, if possible, getting more popular with the Americans. You see, we are getting to understand each other better, and that is all that is necessary.

Now it is getting dark and I know that if the censor don't give me a good cussing, he is not a cussing officer, for I have certainly made some mess for him this time, but just couldn't find a stopping place above here.

Love and good wishes to all.

The following letter was written by the son of Dee Vanhorn, of Zelida, to Cleve Stewart:

Well, Cleve, I have been over the top two times and got back safe. I sure do have fun picking off the Germans. I have got four in the last week. It sounds pretty funny when you hear the bullets sing around your head. They have made me lay flat on the ground. When you hear a machine gun fire at you, you had better get to the ground for they will sure get you.

I don't guess you will live in Kentucky any more will you? I will come and stay with you when I get back from France. I would like to see you.

I am back resting now. I expect to go again pretty soon.

Miss Mabelle Thompson, teacher of music of Pikeville College, was the chairman of the singing committee. They sang "Over There," "Keep the Home Fires Burning," "Star Spangled Banner" and the last new verses of "America." Everyone enjoyed the singing. Addresses were given by County School Superintendent Mr. Fonso Wright and by Mrs. Winnie Call, chairman of the Liberty Loan committee. The children of both the schools impersonated the Belgian refugees but one of the most striking things was Mr. Paul Riddle and Mr. Jesse Aldridge dressed so as to represent an old man and woman fleeing for a place of refuge. Very much enthusiasm was aroused.

Miss Helen Record who is teaching school at Hindman, Ky., was the guest of relatives and friends here Saturday and Sunday.

Saturday evening a train carrying trophies picked up over there was here from 6:30 until 11:00. Guns, gas masks, an airship, and quite a lot of other things were on display which had been in use over there. Attorney Raymond Ratcliff of Cincinnati who was on the train spoke in the interest of the Liberty Loan and in a short time raised sixteen thousand dollars in Liberty Bonds. This amount would likely have been doubled had it been in the day time and the country people in town.

Pikeville Woman Figures in Tragedy.

An extended notice in Louisville papers contains the account of the suicide of Ernest Munn, 61 years old. His wife was Miss Lillian Clarke-Bentley, former wife of Dr. Grover Cleveland Bentley of Pikeville. Mrs. Munn's parents reside at Harold. Munn was a wealthy New York man 36 years older than his wife. They met at a fashionable resort while Mrs. Bentley was visiting Mrs. Frank Englar, a sister of her former husband in Florida and later were married. They resided for a time in New York in royal style and later came to Louisville where they occupied a suite at the Seelbach, and recently Munn purchased a handsome home and they had occupied that for some time past.

It stirs every American heart

Who was not thrilled to read of the American Soldier who supported a wounded comrade, and fought his way with the little detachment back through the Boches to the American Lines?

That is only one deed of heroism among the many happening every day and looked on as a matter of course by the boys fighting for us over there. It shows the stuff that's in them. They are our own sons and brothers. Is the same stuff in us over here? •

From now on there can be only one standard for those of us who fight behind the lines—and that is their standard.

We must buy bonds to our utmost

NEWSPAPERS UNDER DRASTIC ORDERS

MUST REDUCE USE OF PAPER AND PUT SUBSCRIPTION LISTS ON STRICTLY CASH BASIS

A shortage in news print paper production has caused the Government to issue a drastic order to all newspapers to cut down the use of white paper.

Weekly papers must make a reduction of 15 per cent in the amount used. This means to reduce the size of the paper or cut off a lot of subscribers. The order goes into effect immediately. We do not expect to reduce the size of our paper.

No newspaper can be sent to any subscriber who owes more than three months subscription.

No free copies are permitted to be sent to anyone except former employees.

No publisher shall sell his publication at an exceedingly low price.

A sworn statement will be required from all publishers Nov. 1st as to whether these rules have been put into effect.

The above orders practically take over the business control of news papers. Each subscriber will please take due notice and examine the date on the label of his paper. If in arrears or your subscription is expiring, please renew at once so as to keep your name on the list. This is a matter that cannot be delayed now, as it is a Government order.

We hope all will give this their immediate attention.

Hooray for Banana Peel "Gets-It"

Which do you prefer—a corn that pulls or a corn that peels? Buttery or blessedness? Only "Gets-It" can get rid of your corn the peel-off way, the blessed way. You don't need a pull.

"Corns Never Trouble Me, I Use 'Gets-It'!"

Why hump yourself up on the floor and with your jaws set and eyes popping out your corns? Why irritate your toes with some saline or wrap your too sticky tape or plaster? Life is too short. Use "Gets-It"—it takes a few seconds to apply and there's no fussing. Corns go. Wear new shoes if you want. Peel off the corn with your fingers—the whole thing, root and all, clear and clean, and it's gone! Only "Gets-It" can do this. Take no chances. "Gets-It" is the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by Dr. Lawrence & Co., Chicago, Ill.

DESERVES A GOLD MEDAL FOR THIS

Cincinnati authority tells how to dry
up any corn or callus so it lifts
right off.

You corn-pestered men and women
need suffer no longer. Wear the shoes
that nearly killed you before, says
this Cincinnati authority, because a
few drops of freezone applied directly
on a tender, aching corn stops soreness
at once and soon the corn loosens so
it can be lifted out, root and all, with-
out a bit of pain.
A quarter of an ounce of freezone
costs very little at any drug store, but
is sufficient to take off every hard or
soft corn or callus. This should be
tried, as it is inexpensive and is said
not to inflame or even irritate the sur-
rounding tissue or skin.
If your wife wears high heels she
will be glad to know of this.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion
for a few cents.

The juice of two fresh lemons strain-
ed into a bottle containing threeounces
of orchard white makes a whole quar-
ter pint of the most remarkable lemon
skin beautifier at about the cost one
must pay for a small jar of ordinary
cold creams. Care should be taken to
strain the lemon juice through a fine
cloth so no lemon pulp gets in, then
this lotion will keep fresh for months.
Every woman knows that lemon juice
is used to bleach and remove such
blemishes as freckles, sallowness and
tan and is the ideal skin softener,
whitener and beautifier.
Just try it! Get three ounces of
orchard white at any drug store and
two lemons from the grocer and make
up a quarter pint of this sweetly fra-
grant lemon lotion and massage it daily
into the face, neck, arms and hands.

EARL D. THOMPSON WRITES FROM FRANCE

Mr and Mrs. J. F. Thompson, of
Jattie, received the following letter
from their son, Earl, who is in France:
Dear Mother:

Am now somewhere in France. We
are in a French village about the size
of Louisa. The houses are all built
of stone and most of them are like our
old time houses on the inside. We
have candles for light when we have
any at all.

They have big stone walls instead
of fence. Some of them have been
built for centuries.

We can tell the effects of the war
here all right by the way things look,
but from the looks of the farms the
people are a long ways from starving.
They have some fine farms and nearly
all cultivated and crops are all good.

Some of the finest wheat I have
ever seen, or at least it looks that way in
the field.

Guess wheat harvest is over and for-
got about at home by now, but they
have just begun here.

The people are very kind to us here
and we have some time talking to
them in French language. A few days
ago we wanted some rags to clean our
guns, so one of the boys who thought
he knew what to ask for stepped over
to some people who were watching us
and asked for some rags to clean the
gun.

The madam brought him a dish
pan. So you can see how well we
speak French.

We have some fun counting French
money. But I have that straight
enough to count my money now.

We went out on a hike about 10 or
12 miles this morning and got back
about noon.

I see several of the boys from Louisa
occasionally. They seem to enjoy ar-
my life over here about as well as my-
self.

Earl Has Lost Jay.

I haven't seen Jay Compton lately.
Don't know where he is.

Where is Dewey now? Tell him to
write to me.

Well, I am getting along fine here,
enjoying good health, plenty to eat,
and have a fine lot of officers and they
treat us pretty nice.

Let me hear from you often, write
whether you get a letter from me or
not. I will try to write every few days,
but sometimes they are apt to be de-
layed in censoring, etc.

This leaves me well and getting
along fine.

With love to all, your son,
PVT. EARL D. THOMPSON,
M. G. Co. 51st Inf. Amer. E. F.

THE BEST TEST

Is the Test of Time.

Years ago Mrs. R. J. Lewis, of
Franklin St., Louisa, told of good re-
sults from using Doan's Kidney Pills.
Now Mrs. Lewis confirms the former
statement—says there has been no re-
turn of the trouble. Can Louisa peo-
ple ask for more convincing testimony?
"For a long time I suffered from
annoying kidney ailments," says Mrs.
Lewis, "I experimented with a good
many remedies, but got no benefit.
Doan's Kidney Pills, however, gave me
freedom from those terrible spells of
backache. They strengthened my kid-
neys and bladder and cured all the oth-
er symptoms of kidney complaint."
(Statement given January 27, 1908.)
On December 4, 1916, Mrs. Lewis said
"Ever since Doan's Kidney Pills cured
me of backache and other symptoms
of kidney complaint, my kidneys have
been strong and have acted regularly."

Worried?—Look At Him!

KEPT HER AWAKE

The Terrible Pains in Back and
Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson
of this place, writes: "For one year I
suffered with an awful misery in my back
and sides. My left side was hurting me
all the time. The misery was something
awful.

I could not do anything, not even sleep
at night. It kept me awake most of the
night. I took different medicines, but
nothing did me any good or relieved me
until I took Cardui.

I was not able to do any of my work
for one year and I got worse all the time,
was confined to my bed off and on. I got
so bad with my back that when I stooped
down I was not able to straighten up
again. I decided I would try Cardui.
By time I had taken the entire bottle
I was feeling pretty good and could
straighten up and my pains were nearly
all gone.

I shall always praise Cardui. I con-
tinued taking it until I was strong and
well. If you suffer from pains due to
female complaints, Cardui may be just
what you need. Thousands of women
who once suffered in this way now praise
Cardui for their present good health.
Give it a trial.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.
